

Best-in-Class Solutions

Exceptional Support

- Broadband*
- WAN*
- Hosted and Premise-based VoIP*
- Wi-Fi*
- Security*
- Infrastructure as a Service (Cloud Services)*
- Managed Services*

- ⇒ Serving hospitals for well over a decade, AFFINITI is a trusted partner for HIPAA-compliant technology solutions, from Broadband to Voice, Wi-Fi, Security and Cloud Services.
- ⇒ With healthcare becoming more distributed, AFFINITI offers next-generation transport and security to ensure sensitive patient information is safeguarded. We deliver reliable and secure healthcare networks.
- ⇒ Upgrading your hospital phone system has never been easier with a feature-rich, easy-to-use dial plan to meet even the most complex communications needs.
- ⇒ Now that your doctors and nurses are “on the go” – and hospital guests expect wireless access while they wait – let AFFINITI deliver the highest performing and most secure Wi-Fi network in the business.
- ⇒ With infrastructure costs growing, and the Cloud never more secure for the healthcare sector, consider migrating your computing capacity and data storage to the Cloud. Only pay for what you need.
